

Canterbury Folk Festival Food Vendor Policy and Application

It is the policy of The Canterbury Folk Festival (CFF) to select food vendors based on the following criteria:

1. Quality of food.
2. Diversity of fare.
3. Lack of duplication of food items.
4. Presentation.
5. Past attendance in good standing at Canterbury.

All applications will be considered and the CFF reserves the right to set the vendor fee on an individual basis. We strive to present a wide and varied selection of quality foods, as well as customary festival fare. We also take into consideration Festival attendance and attempt to tailor the number of food vendors accordingly. Please submit your proposal package to the Vendor Coordinator along with this application. If you are not selected as a vendor your information will be kept on file for future consideration.

Our expectations of our vendors are of cleanliness, friendliness and professionalism. Vendors will adhere to the list approved on your application and will be sold only on your appointed site. CFF reserves the right to intervene in the event of any breach of these expectations and action will be taken as deemed necessary.

Application for Friday July 12 to Sunday July 14, 2019

Business Name: _____
Name of Vendor: _____
Address: _____

**ZERO WASTE ZONE
Food Vendor Agreement**

*to be submitted by Food Vendors with
Canterbury Folk Festival has a

application
commitment

to Zero Waste. With your support, we have been able to reduce our landfill from 50 cubic yards to a garbage bag or two.

As part of being a food vendor at the Canterbury Folk Festival, you are required to adhere to the following:

1. Transition To Less Waste will again supply food vendors with reusable plates, cups and silverware. If you choose to use your own containers, they must be recyclable. Please note that while Styrofoam containers are recyclable, they must be hand scrubbed by volunteers – and many end up in landfill. Styrofoam is not to be used in the park.
2. Vendors are to bring in as little as possible into the park that cannot be recycled.
3. Any garbage created by the vendor must be removed from the park by you. There are no garbage bins or dumpsters.
4. Please help us promote recycling to your customers by pointing out where dirty dishes, composting and recycling bins are. These are placed throughout the park with appropriate signage.
5. Vendors are required to keep their space and surrounding area clean

I understand and agree to comply to the ZERO WASTE agreement:
